

Dear Sir or Madam

Last year we were able to raise under \$7,000.00 as a result of our Calendar Lottery for our school with the generous support of our community members. It is much appreciated and has afforded us the opportunity to provide many extra opportunities for our children.

As you are aware, we are an elementary school with grades from Junior Kindergarten to Grade 8 located in Brantford. We are once again organizing a calendar lottery to raise funds for our school.

In order for this to be a successful event we are approaching businesses and/or organizations for donations. The donations will be used for daily prizes in our lottery calendar or as raffle prizes at our annual Fun Fair.

Any item(s) or gift certificates that you would be able to donate would be greatly appreciated. A list of all donors will be published on the calendar, as well as on the school website. If you require any further information in regard to this fundraising event, contact Jackie McGarr at 548-880-0183 or paulmccgarr@rogers.com, or myself here at the school.

Any assistance that you could offer to help make our fundraisers successful would be greatly appreciated. Thank you in advance for your consideration of our request.

Sincerely,

Lisa Kuyper
